From: jgore@xcaret.com (John S.K. Gore)

Brewster,

I have placed a copy of NetFind for you on the machine csn.org. It is available for anonymous ftp. The file is in the Xcaret directory and is called nf\_think. The files can be obtained by extracting them with tar and then uncompressing them. If you have any questions, please give me a call at (800) 736-1285.

I have also left this information on your phone-mail.

Please send me some e-mail when you have received NetFind.

Sincerely,  
John S.K. Gore

I got it, thank you. Works well. I really appreciate your effort to do special things for me.
